**Subject:** Arroyo Grande meeting with State

Hello – Just off the phone with the DOGGR HQ folks regarding how to handle the meeting where they initially present the supplemental information in advance of a formal written submittal in response to EPA's letter on AG. DOGGR will look into hosting a webinar so we can all see the new information real time. Jon Iverson and Pat Abel from their Coastal district will be in touch with me to schedule the EPA side which will include you two. I will keep you posted of their suggested times for a meeting. Why don't you take a few minutes when you can to tell me some time slots for you that could work for a meeting (say 2 hours) beginning next Friday, May 6 through May 13, since the DOGGR HQ folks thought they would be ready maybe mid next week. I am assuming they will also coordinate with the water board staff but I will work with your schedule and David's schedule.
